# CORE Organic

## *Coordination of European Transnational Research in Organic Food and Farming Systems*

*Coordinator: Ivana Trkulja, AU-ICROFS (DK)*

# CORE Organic

The CORE Organic is a **network of 26 European ministries and research councils from 19 European countries/ regions** funding research in organic food and farming on transnational level since 2004.

The objective of CORE Organic is to improve knowledge basis and innovation capacity necessary for supporting further **development of organic food and farming to respond to significant societal challenges in Europe's agriculture and food systems.**

# FOSC ERA-NET Cofund on Food Systems and Climate

Coordination FOSC: ANR France  
Stefana Ganea Kozin  
Maurice Heral

# FOSC ERA-NET Cofund on Food Systems and Climate

- FOSC is the European Research Area Network (ERA-Net) Cofund action on Food Systems and Climate.
- FOSC started in October 2019 and will run for 5 years until September 2024 (*possible extension due to Covid*)
- The FOSC consortium consists of 28 partners from Europe, Africa and Latin America

## Main challenge of FOSC is

- To contribute to the achievement of **food and nutrition security** under **climate change** within the context of **sustainable food systems**, considering the three dimensions of sustainability (social, environmental, and economic).
